

Paul Siddall is an Interfaith Minister who is unitive toward all people and religions. He stresses "sacred writings can take us to the door, but they cannot take us into the house! Only meditation can reveal The Self within the self - the BEing part of the human BEing. All Mystics from all Traditions point to the same solution: external resources and outside stimuli cannot produce inner transformation - it's an inside job!"

It is within in this "awareness", Paul Siddall, as a minister, transmits a powerful synthesis of self inquiry and Interfaith devotion; and as a Christian contemplative, integrating Eastern meditation practices - all within a palpable atmosphere of Grace and unconditional love. His depth of presence offers a substantial platform to liberate ego obstacles, taste deeper dimensions of Consciousness, and explore integration into daily life. With over 35 years of teaching experience nationally, as a Universalist Pastor, he views all people like waves of the ocean: one wave does not exist without the others; and yet you need the others. Some are larger some smaller but all are made of the same elements: H<sub>2</sub>O!

After graduating from Trinity Bible College Paul immediately was placed on staff as Associate Pastor of a Charismatic Mennonite Church. At only 25 he took on his first pastorate near Laporte, Indiana. He then took a position in Indianapolis as a Christian Counselor at Grace International of Indiana. This led to another pastorate south of Indianapolis. The church grew from about 80 members to 240 in 2 years. During this time he appeared on television twice on Trinity Broadcast Network. This was because he held many seminars on Overcoming Rejection. Later, Paul pastored near Louisville Kentucky. But 10 years ago he moved out west and was brought on staff in Los Angeles as their outreach minister. For the last five years Paul was minister at a place he opened called The Cave. This has led to where he presently ministers, at Gateway of Light. Paul Siddall can be found on his YouTube channel with almost 17,000 current subscribers.
